

Pilling/Snagging Materials

We aim to help you produce accurate and consistent test results by supplying totally compliant test materials, which perfectly complement our instrumentation.

We offer you an extensive range of test materials to complement our portfolio of pilling and snagging instruments. The products include cork liners, pilling tubes, and snagging points for Orbitor; liners, ramps, half-size pilling tubes,

locking rings and snagging bars for the M&S Pilling/Snagging Drum; cork liners, cotton sliver and specimen edge glue for Impulse; and felt-covered pilling tubes, locking rings and snagging bars for SnagPod.

758-555	Moulded Polyurethane Pilling Tubes (140.25mm long) - per pack (4)

Please see Product Codes on pages 14 – 22 for a more comprehensive list of the test materials that we offer.

Orbitor Pilling and snagging tester

Orbitor is a flexible framework, to which you can add different test boxes, drums or chambers, depending on the type of testing work.

For the evaluation of snagging, pinned bars or points are added.
